

ANNUAL BALL TO START JUNIOR PROM WEEK-END

Bigelow's Music to Play at Dance

Decorators to Transform Interior of Gymnasium

President and Mrs. Lewis, Mr. and Mrs. Kalijarvi, and Mr. and Mrs. Christensen to Chaperone

Tomorrow night from nine p. m. to two a. m. Don Bigelow's Park Central orchestra, now playing at the Park Central hotel in New York, will play for the annual Junior Prom, the outstanding social event of the term. The committee in charge of the music feels sure that this band will meet with unanimous approval on the campus, due to the fact that they have proved very popular in radio broadcasts. Like all Paul Sullivan attractions, this orchestra is prepared to retain the reputation already established, and to furnish the same style of music here that has been found so popular elsewhere.

The formal affair marks the climax of the social events for the term. It will be held in the men's gymnasium which will be decorated by the Brown company of Portland, Maine. Elaborate plans have been worked out by the committee in charge to make this the best Prom in the history of the University. With the interior of the hall enhanced with a profuse blaze of color and the exotic charm of a spring night made more entrancing by the sound of music, young Durham will gather for an evening of enjoyment.

Patrons and patronesses for the dance will be President and Mrs. Edward M. Lewis, Professor and Mrs. Thorsten Kalijarvi, and Mr. and Mrs. Ernest W. Christensen.

The chairman of the committee is Malcolm Brannen. Other members are John J. Conroy, Norman A. Haggerty, Donald Penley, Jean MacDonald, Mildred McCammon, and Marjorie Smith.

The subscription to the dance will be five dollars a couple. Tickets may be obtained at the College Pharmacy, the College Shop, and at any of the fraternity houses. The supply is limited.

NINE UNDER CLASSMEN JOIN HONORARY ZOOLOGY SOCIETY

Phi Sigma, the honorary zoological society, held its annual spring initiation ceremonies and banquet Wednesday evening in Thompson hall. Decorations in the form of green, white, and yellow crepe paper were used, these colors being those of the society. Edward Haggerty acted as toastmaster during the evening.

Neil Stewart, graduate assistant in Horticulture and president of the organization opened the meeting with an address of welcome to the initiates. Following this, Prof. C. Floyd Jackson of the Zoology department gave a history of Phi Sigma, Wednesday being the fifth anniversary of that society on this campus, and the fifteenth anniversary of the local biological society, which was formerly known as Pi Gamma.

The new initiates were: Barbara Barnaby, Raymond Galloway, John Carrigan, Frank Elkavich, Thomas Sheehan, Robert Eadie, Howard Hunter, Ralph Goodrich, and George Trent.

Houses Sponsor Saturday Parties

Thirteen Fraternities to Complete Festivities

Houses to be Scenes of Merrymaking—Several Out of Town Affairs Arranged—Orchestras to Battle for Hours

Saturday night the fraternity spring house parties will transform the campus into a gala evening of dancing. Thirteen fraternities each have planned to hold a party.

Alpha Gamma Rho will hold their dance at the chapter house. Music will be furnished by Meserve's Melody Boys of Dover. The chaperones will be Professor and Mrs. Thomas B. Charles.

Alpha Kappa Pi have engaged Stan Martell and his orchestra of Milford. Chaperones will be Mr. and Mrs. Fred S. Bushmeyer, and Professor and Mrs. George W. White.

Charlie Barrett's Red Ramblers from Manchester will play for the Alpha Tau Omega party. Major and Mrs. Boardman Randall, and Mr. and Mrs. Frederic Gardener will be chaperones.

Delta Sigma Chi will enjoy a dinner dance at Fountain Court, Northampton. Music will be by Roberts Brothers from Manchester-by-the-Sea. Chaperones will be Mr. and Mrs. Bert E. Huggins, Dr. and Mrs. Herbert F. Rudd, and Mrs. Florence Blaisdell of Concord.

Lew Tobin and his Hotel Wentworth orchestra will furnish music for the Kappa Sigma party. Mr. and Mrs. Langley and Mr. and Mrs. John C. Kendall will be chaperones.

Tut Connelly and his orchestra will play for the Lambda Chi Alpha party. Professor and Mrs. Thorsten V. Kalijarvi and Mr. and Mrs. Ralph Moore of Haverhill will chaperone the affair.

Pi Kappa Alpha will hold their party at Colman's at Rochester. Professor and Mrs. Edward T. Donovan and Dean and Mrs. Jackson will be chaperones. Music will be by Tommy Pitts and his orchestra.

Professor and Mrs. Russell R. Skelton and Professor and Mrs. Fred. D. Jackson will chaperone the Phi Delta Upsilon party. Lloyd Virgin and his orchestra of Concord will furnish the music.

Carl Reed and his orchestra will play for the Phi Mu Delta party. The chaperones will be Mr. and Mrs. Leroy J. Higgins, Professor Philip M. Marston, and Miss J. Doris Dart.

Theta Chi has engaged Jerry Aldrich and his orchestra of Boston. Mrs. Lucina P. Smith, Mr. and Mrs. Elliott and Mr. and Mrs. Tate will be chaperones.

Music for the Theta Kappa Phi party will be furnished by the Club Abbey orchestra of New York. Mr. and Mrs. Roger Vincent will be chaperones.

Theta Upsilon Omega has engaged the Kampus Kutups to furnish the music for their party. Professor and Mrs. Arthur W. Johnson and Mr. and Mrs. Bradford McIntyre will chaperone the affair.

(Continued on Page 4)

MILITARY SOCIETY ELECTS OFFICERS

Owen Steele Elected President of Scabbard and Blade—Sixteen New Members Initiated into Honorary Organization—Banquet Held at College Inn

Scabbard and Blade, the honorary military society had their annual initiation banquet at the College inn Tuesday night. Following the affair, the group adjourned to the men's gymnasium, where the initiation ceremony was held. Owen Steele, '32, was elected to replace Charles Fay in the presidential chair. The other newly elected officers are: vice president, Julian Teague; treasurer, Nolan Hikel; and secretary, Waldrof Bartlett.

Those honored in the course of the evening by being initiated into the society are: Duaine Patenaude, John St. Clair, Mark Moore, Malcolm Brannen, Stewart Stokes, Owen Steele, Thomas McKoan, Nolan Hikel, Waldrof Bartlett, Francis Colburn, Julian Teague, Wilbur Schurman, Jean Moreau, Watson Whitehouse, Robert Morrison, and Fred Allen.

Spring Concert to be Presented

Prof. Roland E. Partridge to Assist Musical Clubs

Concert Will be Held at Community House Next Thursday—Large Audience Expected After Good Showing Made at Manchester

Prof. Roland E. Partridge of the University will assist the University glee clubs in their spring concert at the Community house, Thursday night, May 28, at 8.15 P. M. This concert should prove of interest to students and to instructors after the presentations on the Lyceum course and at Manchester.

The glee clubs will sing for their opening number Sir Hubert Parry's six-part motet *There is old belief* which was sung at Parry's funeral at London. It is an example of the application of the modern spirit of the sixteenth century motet. With Mr. Partridge, the combined clubs will sing an exquisite old English folk melody *The Turtle Dove* which is arranged by Ralph Vaughan Williams, who discovered it in a very remote part of England. The final number will be Schubert's stirring song, *Great is Jehovah* (Die Allmacht) with Mr. Partridge again taking the solo. The women's glee club will sing Chadwick's *It was a lover and his lass*. This number is timely as George W. Chadwick, the Dean of American composers, died last month at the age of seventy-seven.

Mr. Partridge will sing three groups of songs consisting of four numbers each. Group one will contain *Caro Mio Ben* (Giordano); *Lascia Ch'io Pianga* (Handel); *Last Rose of Summer* (Irish folk song); and *No, John, No!* (English folk song). Group two: *Dem Unendlichen* (Franz Schubert); *Der Lindenbaum* (Frank Schubert); *Sand Maenchen* (German folk song arranged by Brahms); and *Aria: In Distant Land*, from Lohengrin (Richard Wagner). Group three: *Lament of Ian the Proud* (Charles Griffes); *On Linden Lea* (R. Vaughan Williams); *Love's Soliloquy* (Robert Manton); and *Aria*, from Andrea Chenier (Giordano).

LAMBDA CHI ALPHA FACES A. T. O. IN BASEBALL FINAL

The intramural baseball series will swing into the final stage with the Lambda Chi's at odds against the A. T. O's. The day of the game has not been decided upon as yet.

Tuesday, the Lambda Chi's defeated the Phi Mu Delta's in an interesting and close game, the score being two to one. Previous to this the A. T. O's won over the Theta Chi's by eight to five. Speculation is running high as to the victor in the coming game as both teams appear well matched.

Next week, the first sets of the intramural tennis tournament will be played. The following week the second sets are scheduled. The semi-finals will be played June 3 and the finals before June 8.

Competitors from practically all the fraternities will participate in the intramural swimming meet to be held at the College pond next Tuesday at three o'clock.

NOTICE

All Junior men and women who are planning to stay over for commencement are requested to sign to that effect in the Registrar's office immediately.

Track Team Wins Fifteenth Meet

Wildcats Whitewash Tech 95-40 in Dual Contest

Hanley, Geoffrion, and Learmonth Break Records in Discus, Javelin, and Shot Put Events

The Wildcat track team, showing unexpected strength, easily defeated the Teck tracksters at Cambridge, Saturday, by the score of 95-40, thereby winning its fifteenth consecutive victory.

The New Hampshire team took every first place but one, that in the hammer throw, and second in the discus. Pike was again high scorer taking first places in the century, 220 yard dash, and the broad jump for a total of fifteen points. Had he not "coasted" the last ten yards, he doubtless would have broken the New Hampshire record in the 220.

Three New Hampshire records were broken at Tech field by the Wildcats. Geoffrion broke the javelin record with a throw of 192.4 feet, Hanley broke the discus record with a heave of 136 feet, 2 inches, and Learmonth broke the shot put record by hurling the shot at the distance of 43 feet, 11.5-8 inches. So far this year, Learmonth has broken the shot put record each time he has competed.

Whitehouse repeated his usual performance by easily winning both hurdles. Thayer fell in the high hurdles but took a close second in the lows. Noyes won the mile and 880 yard runs with Harrington winning the quarter mile. deMoulied won the two mile run, extending his string of victories to four in as many starts. Everyone took a hand at winning the pole vault with Brooks and White of New Hampshire and Hazelite of Tech tying for first place. Coon of Tech and Brooks of the Wildcats could come to no decision in the high jump, and Captain Woolley would have undoubtedly settled the dispute if the condition of his leg had allowed him to compete. Much to his chagrin, Douglas, the Phi Kappa Phi hammer thrower, fouled on a 140 foot throw and had to content himself with a second place. This foul not only prevented a sweep of the first places but stopped him from breaking the New Hampshire record for that event.

In the hundred yard dash, Pike, Clark and Burdett swept the first three places while Hanley, Douglas and Wiggin stopped the Tech captain, Grondal, from scoring any points for his team in the discus event.

The win over M. I. T. extends the winning streak of the Wildcat trackmen to fifteen consecutive victories in dual meets. Coach Sweet has high hopes of winning the New England intercollegiate meet Saturday at Lewiston, Me.

120-yard high hurdles—Won by Whitehouse, New Hampshire; Coon, M. I. T., second; Ross, M. I. T., third. Time 16 seconds.

100-yard dash—Won by Pike, New Hampshire; Clark, New Hampshire, second; Burdett, New Hampshire, third. Time 10 1-5 seconds.

Mile run—Won by Noyes, New Hampshire; Lazure, New Hampshire, second; Kearns, M. I. T., third. Time 4 minutes 34 3-5 seconds.

440-yard run—Won by Harrington, New Hampshire; Jewett, M. I. T., second; Crosby, New Hampshire, third. Time 50 seconds.

2-mile run—Won by deMoulied, New Hampshire; Gilman, M. I. T., second; Blood, New Hampshire, third. Time 9 minutes 50 2-5 seconds.

880-yard run—Won by Noyes, New Hampshire; MacKay, M. I. T., second; Leadbetter, M. I. T., third. Time 2 minutes 2-5 seconds.

220-yard low hurdles—Won by Whitehouse, New Hampshire; Thayer, New Hampshire, second; Ross, M. I. T., third. Time 25 2-5 seconds.

220-yard dash—Won by Pike, New Hampshire; Jewett, M. I. T., second; Hall, M. I. T., third. Time 22 seconds.

SENIOR GIRLS PLAN NEW SISTER SYSTEM

Cap and Gown Co-operates with Dean of Women in Method of Acclimating Freshmen to College Life

A new freshman sister system has recently been adopted by Cap and Gown which will work in conjunction with the Dean of women in carrying out the new plan.

The freshman girls are to be divided into groups of ten or fifteen, and for each group of freshmen there will be chosen a group of three upper classmen who will assume jointly the responsibility of befriending and helping the group of freshmen delegated to them. These women are chosen from the future junior and senior women. The women chosen are those considered by Cap and Gown and the Dean of women to be especially capable, efficient, and worthy of the honor of such a position. They will be in a position to set for the freshmen a high standard both scholastically and morally, and will be expected to make use of this opportunity to give the freshman girls a good start.

Mrs. E. P. DeMeritt Presented Radio

New Officers Installed by Women's Association

Report Made on Achievements of Council During Past Year—Banquet Held at Gray Tower Motor Inn at Rochester

Mrs. Elizabeth P. DeMeritt, resigning as Dean of women of the University, was presented with a radio at the monthly meeting of the Association of women students held in Murkland auditorium Thursday to install the new council. Each woman student contributed toward this gift in appreciation of the service and kindness of Dean DeMeritt.

The meeting opened with a resume by Florence Gordon of the achievements of the council during the past year. A scholarship award to the woman student proving to be of most value to the women's student body was made; Miss Margaret Slattery, well known lecturer of Boston addressed the women students; Dr. Marianna Taylor, prominent psychiatrist, was on the campus for five days to lecture and interview students privately; a banquet was given at the University Dining hall for the women students; two delegates, Florence Gordon and Nancy Meehan were delegates to a conference at Ann Arbor, Michigan, this spring; two delegates, Yora Flanders and Ruth Paul, were sent to Jackson college, Boston, to the New England conference; the council extended help to other organizations including Cap and Gown, Men's student council, and the W. A. A.; with the Y. W. C. A., the council sent a delegate to the student-faculty convention at Detroit at Christmas.

Nancy Meehan, president-elect, took the oath of office administered by Florence Gordon, the retiring president. The retiring council including Florence Gordon, Yora Flanders, Elizabeth Gowan, Charlotte Atwood, Eleanor Gleason, Jeanette Blair, Cecelia Downing, and Alice Towle, gave their caps and gowns to the new council, the members of which are: Nancy Meehan, Yora Flanders, Charlotte Atwood, Alice Towle, Ruth Paul, Eva Wentzell, Gertrude Chamberlin and Conradene Bowen.

Following the installation Dean DeMeritt gave a short talk entrusting the duties of the presidency to Nancy Meehan after which Florence Gordon presented Mrs. DeMeritt with flowers and Elizabeth Gowan presented Florence Gordon with a bouquet of roses.

In the evening the two councils attended a banquet at Gray Tower motor inn at Rochester. The guests were Miss Elizabeth Sawyer, Dean DeMeritt, and Miss Marion Smith. Carol Rudd and Audrey Bowman, members of the council in the fall term, were also present.

INITIATION NOTICE

Epsilon Chapter of Theta Kappa Phi takes pleasure in announcing the initiation of Charles George, '34; Alvah Swain, '34; Albert Fisher, '33; Andrew McCaughey, '34; Clarence Rafferty, '34; Henry Davis, '34; and Frank Glennon, '33.

STUDENTS ELECT WOOD PRESIDENT OF COUNCIL

Hopkins Speaks to Student Body

President of Dartmouth Addresses Weekly Convo

Educator Speaks About Work Carried on by Institutions Similar to New Hampshire—Stresses Value of Sound Educational Training

Ernest Martin Hopkins, president of Dartmouth college, was guest speaker at the regular weekly convocation exercises held in the men's gymnasium yesterday afternoon.

The speaker, who is a native son of New Hampshire, having been born in Dunbarton, was introduced to the student body by President Edward M. Lewis. In his introduction, President Lewis said that he had been trying to obtain President Hopkins as speaker for nearly four years and that this was his first successful attempt.

In the opening words of his talk, the guest speaker stated that, although he had received his Master of Arts degree from Dartmouth college, still he was deeply interested in the work that was being carried on at New Hampshire, both because he is a New Hampshireian, and because he thought that institutions similar to this University were doing much to advance the modern educational system.

He went on to say that he thought the greatest problem for present-day educators and educational institutions was that of "blending the power to think and the power to do, and thus eliminate those persons who do without thinking." In discussing the vast element of fear which he said was prevalent today to some extent as it was years ago, when persons were much frightened by thoughts which were connected with some event of a frightful nature, President Hopkins said that much of the present-day fear was due to ignorance and that "the farther we project our thinking into the world, the greater our contact becomes with what we can't know about the world."

In closing, the speaker expressed his wishes and hopes that graduates from this University, as well as from other institutions of a similar nature realize that they do not "know it all," and that only after one had investigated all sides of an idea or thought and observed how others looked at it should draw conclusions as to the soundness of the idea and its superiority over the ideas of others.

PHI LAMBDA PHI PLEDGES TWENTY-EIGHT PHYSICISTS

Phi Lambda Phi, honorary Physics organization, held its annual spring term pledging ceremonies in Demeritt hall Friday noon, at which time 23 new members were pledged.

The annual initiation and banquet will be held next Thursday evening at the Highland house at Packer's Falls. Leroy E. Moore, '31, has been chosen to serve as toastmaster during the evening. Elections for the coming year will be held in the course of the evening and various members of the faculty have offered to speak before the group.

Following are the names of the newly pledged: Florence D. Woodward, Margaret W. Durgin, Esther Whipple, Raymond P. Galloway, Robert C. Perfect, Hammond A. Young, Arnold H. Beede, Henry J. Joyal, Wesley R. Floyd, Willard J. Baldwin, Harold I. Leavitt, Bradley H. Booth, Miriam H. Myllimaki, Dorothy C. Smith, Minnie P. Botorff, Katherine Watson, John E. Carrigan, Adam E. Dogan, Alfred F. Lamberton, James L. Currier, E. Leslie Huse, John H. Worthen, William D. Joran, Wesley E. Haynes, William Hartwell, Elliot W. Burbank, Ruth Hibbard, and Constance D. Hazen.

ACCOUNTING CLASS TAKES SECOND INSTRUCTION TRIP

The cost accounting class visited the plant of the Rumford Press at Concord, Tuesday. This is the second instruction trip for this class. The first was taken a week before when the class went to the River Works of the General Electric company at Lynn, Mass.

Edgerly Chosen Vice President

James Slack, '32, Elected to Secretary's Position

Knox to be Treasurer—Conroy, Augustinus, Brannen, and Schurman Senior Members—French, Learmonth, and Gibbons Junior Members

Harry Wood was chosen president of the Student Council for the coming year in a closely contested election held on the campus yesterday morning. Wood was a junior member on the council last year and barely defeated Jean Moreau, the other candidate for the presidency, by eight votes.

Herman Edgerly, a member of the class of '33, was chosen for the office of vice president, James Slack, '32, was selected for secretary, and Frank Knox, '34, was elected to the position of treasurer.

The senior members chosen to the council include John Conroy, Robert Augustinus, Malcolm Brannen, and Wilbur Schurman, while the junior members selected, were Penn French, Arthur Learmonth, and Henry Gibbons.

The newly elected president who will succeed A. Chandler Ryder, is a member of Theta Chi social fraternity, Delta Chi honorary mathematics, Casque and Casket, Senior Skulls, and has achieved prominence in both football and track.

Edgerly, the vice president-elect, is president of Alpha Tau Omega social fraternity and was one of the leading scorers on last term's rifle team. James Slack, who was chosen for the position of secretary, is a member of Lambda Chi Alpha social fraternity, Senior Skulls, and one of the outstanding members of both the football and lacrosse squads. Knox, a member of the freshman class, is affiliated with Kappa Sigma social fraternity and has shown marked ability in both frosh football and track. Last term he won the championship in the unlimited class during the intramural bouts.

ESSAY CONTEST ANNOUNCED BY COLLEGE PUBLICATION

At last, the prospective graduates and those underclassmen on the verge of flunking out of any college or university in the United States are given an opportunity to air their feelings about that certain professor with whom they simply could not get along. *The Muhl*, of Muhlenberg college, is offering \$100.00 in gold to that American college student who submits the most thought-provoking and constructive essay on "What's Wrong With Professors?"

In view of the fact that some college men might become too facetious in their contributions, the editors of *The Muhl* reserve the right to debar any such essays from the contest unless they are constructive in spite of their frivolity. A prominent publication house has already caught the spirit and the possibilities of such a survey of the college men's points of view, so that the prize-winning essay, in addition to the most constructive of the others, will be published in book form this summer.

There are hardly any rules to the contest. Simply typewrite, double space, the essay of no more than five hundred (500) words on ordinary 8½x11 inch sheets of paper. Essays should be sent immediately to *The Muhl*, Muhlenberg college, Allentown, Penna., for this novel contest closes at midnight, June 1, 1931. The editors of this newspaper "have a hunch" that there will be no dearth of contributions from this campus.

Contributors are asked to place their name and summer address as well as the name of their college, at the top of first page. The authors should also enclose a list of personal data, campus activities, prizes they may have won, chosen profession, with the name and address of their home-town newspaper, so that the publicity department may notify the papers if their essay should win the \$100.00 prize, or be accepted for publication.

Every senior should realize that the scholarship fund drive, which is conducted each year by faithful and useful members of the graduating class who approach their classmates soliciting signatures to the fund pledge, is a worthy campaign. You seniors nearing graduation should feel indebted, if only in a small way, to your alma mater. The cherished goal is close at hand. You have accomplished your ambition. Certainly you will not be so smugly self-centered and satisfied that you will not have any thought in the interests of other students, not yet in the University, who will, in future years, be working toward the same accomplishments of education.

Right now the drive is being conducted on the campus by members of the class of '31. The committee has already secured many pledges toward the total sum of the scholarship fund and, with the insurance system adopted by the class, the individual pledges will not be as heavy as in former years. Why not subscribe now? There is no question that the whole thing is worth while. Every senior should be ready and willing to aid the project. But there is and always will be an indifferent group which must be coaxed. What surprises us is that, in this category, appear the names of prominent campus personalities—athletes, officers and members of honorary societies, and you who have yourselves received scholarships and financial aid from the University. One would expect you to be the first to sign your "monickers" to the list. Your group, we presume, has had good draughts from the campus cup of attainment and success and you certainly should be the first to aid future underclassmen to reach the same heights as you yourselves have enjoyed. You are hardly playing fair.

"Memorial field was constructed through pledges of members of the classes from 1871 through 1921. It seemed particularly appropriate to connect the future classes with the work of these first 51 classes of New Hampshire college, who pledged an average of \$34.32 per individual. Memorial field is dedicated to the names of eighteen New Hampshire college men who died in the service of their country. Accordingly, a plan of eighteen scholarships to be raised by the eighteen classes to be graduated from the University, beginning with the class of 1922, seemed to be the most logical connecting link between the former classes and those to come."

Are you doing your part? We hope that you who are not will realize that you have a duty which you owe to your class. You should meet it and be glad to realize that you are aiding a commendable campaign.

Cow Testers Meet Here for Parley

George L. Waugh Brings Nine Officials Together

State and National Officials and Specialists Confer with Representatives of State Cow Test Associations

During the past three days New Hampshire's nine official cow testers, who represent the nine cow test associations of the state, have been conferring with state and national officials and specialists here at the University.

Because of the fact that these nine men make between 240 farm visits every month, spending each night in the home of a dairyman and discussing intimate dairy farm problems with him, George L. Waugh, state dairying agent, in charge of the testers, decided it would be helpful to bring these men together for three days where they may exchange ideas on their work, and be generally posted on the latest information in all the various farming lines.

The opening session on Monday was addressed by J. C. Kendall, director of the Extension service. Ford S. Prince, soils and crops specialist, discussed legumes and early cut hay. Harry C. Moore, instructor in dairying, talked on clean milk and what affects the percentage of cream from the separator. The day was ended with a trip to the famous Baker farm in Rockingham, home of one of the country's leading Holstein herds.

Tuesday's program was begun with a talk by George S. Sparks of Lebanon, tester the past six years for the Lebanon-Claremont group, top association in the state. He discussed methods found valuable to him in the work. Mr. Sparks last year won a trip to the National Dairy show for turning in the highest number of dame and daughter comparison records. Mr. Sparks was followed by J. B. Parker, Washington representative who discussed "Fundamentals of Dairy Herd Improvement Work," the "Value of Dam and Daughter Comparisons," and the "Use and Value of a Herediscope." Mr. Waugh, the next speaker, took up "Balancing Rations," and the "Use of Quality Roughage." Professor J. M. Fuller explained "Why Milk Tests Vary."

Wednesday's session was given to a round table discussion of all phases of the work, with the state and national specialists on hand to offer suggestions. New Hampshire now has about 240 herds and 4,800 cows under test in the nine associations. Last year this state was fourth in percentage of cows under test.

George S. Sparks is supervisor of the Claremont-Lebanon Dairy herd improvement association; A. W. Smith heads the Coos county association, Edward Perkins, the Haverhill group; Norman Davis, the Cheshire group; L. W. Simons, the Belknap association; Roy Newhall, the Merrimack test group; Glenn Lyons, the Hillsborough outfit; Edmond Slipp, the Rockingham group; and Cecil Ryan, the newly formed Strafford group.

TRACK TEAM WINS FIFTEENTH MEET (Continued from Page 1)

Shot put—Won by Learmonth, New Hampshire; Grondal, M. I. T., second; Hanley, New Hampshire, third. Distance 43 feet 11 5-8 inches.

Javelin throw—Won by Geoffrion, New Hampshire; Robertson, M. I. T., second; Wood, New Hampshire, third. Distance 192.4 feet.

Pole vault—Tie for first place between Brooks, New Hampshire; White, New Hampshire; and Hazelton, M. I. T. Height 11 feet 6 inches.

High jump—Tie for first place between Brooks, New Hampshire and Coon, M. I. T.; Benjamin, M. I. T., third. Height 5 feet 10 inches.

Discus throw—Won by Hanley, New Hampshire; Douglas, New Hampshire, second; Wiggin, New Hampshire, third. Distance 136 feet 2 inches.

Broad jump—Won by Pike, New Hampshire; Clark, New Hampshire, second; Soisalo, M. I. T., third. Distance 22 feet 1-2 inch.

Hammer throw—Won by Moody, M. I. T.; Douglas, New Hampshire, second; Smith, New Hampshire, third. Distance 132 feet 2 inches.

By Keith Twitchell

Mazie, the wildcat, is on display in the art laboratory together with the Winged Victory and Venus de Milo. It might be more fitting to exhibit her where a larger proportion of the inmates could see the representative all New Hampshire stands for.

Did you know that there were more women than men at summer school last year?

That the summer school catalogue advises prospective students who enjoy canoeing to bring their own canoes? Quick shot of Joe Sophomore bumming to summer school with a canoe on his back.

That the United States Commissioner of Education will be on the summer school faculty?

Maybe it's a game.

Fashion note from Central Park: the smart deb will wear red silk pajamas to dances this season.

The new infirmary will be situated on bonfire hill. Between edicts and new buildings, the freshmen will be free to study before many years.

University Alumnus, High-Ranking Golfer, Becomes High-Ranking Dancer.

A Boston paper predicted a loss for the New Hampshire track team at M. I. T. by one point; and the boys won this, their fifteenth straight dual meet, by fifty-five points.

Junior Prom tomorrow night: imports and exports, fraternity pins coming and going, empty bottles, cut classes, tailor bills.

Don Bigelow's band is supposed to be good, so if you don't like it, remember the gym wasn't built for acoustics.

There'll be no potted palms (palms is the word) to stick the chaperones behind as there was last year at the Commons.

Who killed Cock Robin? The sparrow is disguised, but Coach Hennessy's amateur detectives find him, with the help of A. A. Milne, in the spring play, *The Perfect Alibi*.

Personal: Mark Myords, your stuff is good, but this is not the *Golden Bull*. Did you ever bear the ditty that starts, "Twas in the Lehigh Valley in the year of '82"?

And Mark, take off the whiskers. We know you.

"Prof. So-and-So is my teacher: I shall not want another. He leadeth me into the classroom; he causeth me to sit down at my desk. He driveth me to distraction with his quizzes.

"He humiliateth me before my fellow students; he annoieth my papers with zero marks. My grades are low. Yea, though I go through the motions of scholarship, I do not fear failure for thou dost grade me.

"Surely ignorance and stupidity will follow me all the days of my life, and I shall dwell in the college forever."

— R. B. I. Ledger, New York.

"Would you like to fly to the very roof of Heaven

And sing among the stars?" asks Pierot.

But I say, "That's impossible. Let's close our eyes, dear,

And be still together."

—Didge

And then there's the philosopher who says he'd rather be kicked out of school for doing something than to be flunked out for doing nothing.

But you haven't become completely indifferent, Enuf:

Tomorrow will mark the opening of the 45th annual New England intercollegiate track and field meet at Garcelon field, Lewiston, Maine, with Bates college playing the role of host.

While Coach Sweet is making no predictions of a Wildcat victory he is making no secret of the fact that he considers his team the best that he yet entered in the annual games.

New Hampshire's unexpected margin of victory over Tech., Saturday, was something of an upset with the Boston scribes predicting a split hair decision between the two teams.

With Learmonth, Douglas, and Brooks breaking records with reckless abandon, Howie Hanley now comes to the fore to shatter the existing mark in the discus by five feet with a toss of 136 feet 2 inches.

The work of Warren Pike, sophomore flash, in capturing three firsts was particularly outstanding. Pike breasted the tape in both the century and the furlong, later leaping to a first in the broad jump.

The recent Maine intercollegiate track championship was won by Maine only after the Bears captured all three places in the discus. The final scoring found Maine leading with 45 points with Bowdoin in second place with 45 2-3s. Bates, leading at the close of the running events, displayed a marked weakness in the field to finish in third place with 32 1-3 points, while Colby trailed with 14.

The University of Maryland has an ambidexterous pitcher in Steve Physioc of the freshman nine. In a regular game the other day he alternated in hurling with his right and left hands and did not yield a hit the four innings he was on the mound.

"I'd rather have a weed in the garden than a pansy!" cried Coach Swasey as Hanna made another brilliant stop.

It should be worth a trip to Lewiston merely to witness the race between MacCaffery, of Holy Cross; Fleet, of Boston college; and Adams of Bates in the 440 at the coming New Englands. All three have covered the distance in under 49 seconds in early season competition.

To Austin G. Woolley, and Richard Sproul we extend our congratulations upon their recent elections to the captaincies of the varsity and freshman track teams. Woolley has been handicapped for the past week with an injured leg which may prevent his competing in the coming New Englands.

Rumor has it that the gentleman who has been officiating at the varsity lacrosse games will appear in the line-up of the Boston lacrosse club Saturday. Should we venture to prognosticate we might suggest that he appear as Lon Chaney lest he play the role of he who gets slapped.

The record of the Boston university Terriers in their first year of objective competition against New Hampshire shows a tie in football, victories in basketball, hockey, baseball, and lacrosse with the only defeat coming in boxing.

Following the adoption of a new policy by the Terrier athletic council naming the Wildcats as a "letter opponent" in each sport, considerable interest has been stimulated in the recent encounters between the two universities.

News of the New England intercollegiate tennis tournament at Forest Hills reminds us of the fact that the University has not been represented in intercollegiate competition on the courts for several years. It is rather unfortunate that the athletic council did not see fit to continue the game as a varsity sport.

UNIVERSITY REPRESENTED IN POETRY COMPETITION

Rodney Strom and Ruth Dodge represented this University at an original poetry contest held at Mt. Holyoke Friday, competing against representatives from Mt. Holyoke, Dartmouth, Amherst, and Middlebury. Miss Dodge substituted for the Brown entrant, who was unable to be present. The decision of the judges has not been announced as yet.

The judges were Jessie Rehder, editor of Harper's anthology of college verse; William Rose Benet, widower of the poetess Eleanor Wiley and a recognized poet in his own name; and Professor Wilbert Snow, of Wesleyan, also a recognized poet.

OUTING CLUB ESTABLISHES RULES FOR USE OF CABIN

A set of rules has been drawn up by Professor Johnson concerning the use of the Outing club cabin at Walden pond in Northwood. They are as follows:

TECHNICIANS MAKE TRIP TO NEW YORK

Mechanical Engineers Visit General Electric Plant at Schenectady—N. H. Alumni Club of N. Y. Gives Banquet in Their Honor

A large group of mechanical engineers accompanied by Prof. Edward T. Donovan of the college of Technology went on an inspection tour last week. The trip included a visit to many of the leading plants of New Hampshire, New York, and New Jersey.

The aggregation of fifteen juniors and seniors left Hetzel hall early Monday morning, May 11, and reached the Kelly's Falls station of the New Hampshire Public service company in Manchester two hours later. After inspecting the station and taking lunch there they left Manchester for Schenectady, New York, by way of Nashua and the Mohawk trail.

All day Tuesday they visited the General Electric plant taking lunch through the hospitality of the company. In the evening the New Hampshire Alumni club of New York gave a banquet in their honor. While at Schenectady they stayed at the Y. M. C. A.

Early Wednesday morning they checked out of the Schenectady Y. M. C. A. leaving for a visit to the plant of the American Locomotive works. Following this they drove to New York taking out reservations at the Brooklyn Y. M. C. A. Incidentally this branch of the association is the largest in the world. While here they visited other points of special interest the Empire State building, Coney island, and the Aquarium. They said the elevator fee up the Empire State building was one dollar apiece.

Thursday morning they left for the Babcock and Wilcox plant at Bayonne, New Jersey. After a short inspection tour of the plant they continued on to the Wright Aeronautical corporation at Paterson, New Jersey. Here they saw the Wright-Curtis motors in the making.

The next day they visited the transatlantic steamship Olympic of the International merchant marine lines and the East river plant of the New York Edison company. They said that the ship has a very large engine room and a propeller weighing 38 tons having a shaft 29 inches in diameter. One automobile load returned to Durham directly following this last visit on Friday, but the remaining group stayed until Sunday before returning.

The undergraduate engineers who went on this inspection tour consisted of entirely juniors and seniors. They are as follows: Wesley K. Heath, Mark M. Moore, Cedric N. Witham, Arthur H. Witkus, Robert E. Maurice, John E. St. Clair, Jr., Leonard B. Bushey, Curtis C. Toothaker, William E. Clark, Wayne L. Blount, Fiesco B. Engel, Joseph L. Fearer, Robert S. Stetson, Eugene Smith, and Oscar O. Hall.

DRACULA TO BE PRESENTED BY LOCAL THEATRE MONDAY

An ancient superstition, which claims that "undead" persons, hovering strangely between life and death, leave their graves on a certain night of each year, forms the basis of "Dracula," the hair-raising Universal drama which comes to the Franklin theatre on Monday.

This old belief still persists in certain parts of Europe, and as the fateful night approaches abject terror seizes the peasants of the district, who cease all activities at sundown, and securely bolt all doors and windows. Wolves howl in the hills and—it is claimed that these animals are in reality human vampires who are able to change themselves at will into either wolves or bats, and thus gain access to places where a human being could not penetrate.

Count Dracula is the strange vampire of this startling story, and a trail of terror and death results from his horrible influence. The picture, it is said, has been produced with such sincerity and such artistry that the spectator is apt to forget for the moment that the story is what might be described as a glorified fairy tale, and to be completely carried away by the strange atmosphere of the play.

Bela Lugosi plays the title role of "Dracula" while other members of the cast are Helen Chandler, David Manners, Edward Van Sloan, Frances Dade, Dwight Frye and Herbert Bunston. Tod Browning directed.

lows: (1) all members of the University Outing club are entitled to use and enjoy the property of the club; (2) obtain key from Professor Johnson; (3) all persons using cabin are to leave it in clean and orderly condition; (4) completely extinguish all fires before leaving; (5) lock cabin when leaving; (6) do not start fires in the woods around the cabin; (7) do not deface the club property in anyway. Members failing to abide by these simple rules will be denied the use of the cabin.

The Critic

By Monroe Walker

Within the last year books on Russia and the Soviet Five-Year plan have been in considerable vogue. The interest in America in the Soviet government and conditions in Russia since the revolution in 1917 has recently precipitated a veritable tide of studies of Russia of varying authoritativeness. Perhaps the most unbiased and best-written of these has been *Soviet Russia, A Living Record and History* by William Henry Chamberlin, an American journalist who married a Russian-born woman and has lived in Russia for the past seven years. The *New York Times* has termed it "the best account of the Bolshevik regime."

Mr. Chamberlin would make a wonderful sociologist. One sees at once that he is the perfect journalist, presenting facts or other people's opinions; practically never his own. The work is extraordinarily unbiased throughout. Extreme radicals will most certainly find little here to bolster up their self-assurance, and in the same manner, the conservative will find little encouragement for his always ready "I told you so."

In presenting the reader with a historical background for introduction to the situation, Mr. Chamberlin points out the tendencies toward the revolution which had been manifesting themselves for a great many years. The uprising, it seems, was a fated thing. Past events had been working around to it for a long time. The absolute despotism of the Tsars and the nobility for centuries previous had forced into the lower classes a spirit of rebellion which was certain to break out into fiery revolution sooner or later. And after years of unsuccessful agitation, it came. The World war proved to be the last straw. The soldiers, indignant at their hardships, threw their lot in with the Revolutionists and the Tsar was definitely overthrown. For a couple of years the conservatives and aristocrats fought anxiously to win back the former order of things (generally for very selfish reasons) and became known as the Whites. Helped by foreign interests, they had some little success, but the Reds or Bolsheviks under definite plans and more systematic insuring of victory finally overcame these reactionists decisively. Then set in the work of reconstruction. And a job, it certainly has been. Mr. Chamberlin analyses carefully the work that the Soviet government has done in re-organization.

The vast influence exerted by Marxian socialism in Russian communism is appalling. One entire chapter is devoted to this.

We found here also corroboration of our whilom contention of the superiority of the Russian cinema to the American. Here is what he says concerning Russian moving pictures: "In no field of art does the Soviet union stand so high by comparison with other countries as in that of the moving-picture. The organizing and imaginative genius of a number of gifted producers, among whom S. Eisenstein and V. Podukin are the most prominent, the natural histrionic talent of the Russians, the frequent choice of dramatic historical episodes for scenarios in preference to the banal and standardized Hollywood love stories—all these factors outweigh Russia's poverty and technical backwardness." ALPHA CHI SIGMA SOCIETY HOLDS FORMAL INITIATION

On Saturday, May 16, Mu chapter of Alpha Chi Sigma, the professional chemistry fraternity, held its spring formal initiation. The men initiated were Howard M. Hunter, graduate student; Henry F. Davis, '31; Gilman K. Crowell, '32; and Carroll F. Jackson, '33.

The degree was witnessed by several visitors including Forrest J. Sanborn, '30, who is now with the Factory Mutual fire insurance company of Boston, C. M. Mason from Chi chapter at Yale, Richard Wistar from Omicron chapter at Harvard, and District Counselor Dr. Avery A. Ashdown from Alpha Zeta chapter at M. I. T.

A banquet was held in honor of the new members in the evening at Harvey lake inn at Northwood.

VARSIITY DEFEATED IN LACROSSE GAME

Close Contest with Tufts Ends With 5-4 Score for Fifth Defeat of Season—Next Game With Boston Lacrosse Club Saturday

In a closely contested game at Medford Saturday the Wildcat lacrosse team met its fifth defeat of the season at the hands of Tufts college by the narrow margin of five to four.

New Hampshire started off with two goals in the first few minutes of play. Tufts soon evened the score by two fast attacks on the Wildcats' goal, and just before the half ended a clever shot by the New Hampshire attack raised the score to three to two.

The first period was fought with the Jumbo clearly outclassed by the Wildcats. During the latter part of the game coach Christensen's men slowed up considerably and the Tufts Jumbo caged three goals to win the game by one point.

Saturday the New Hampshire team will meet the Boston Lacrosse club on Memorial field. In the last encounter between these two teams New Hampshire came out the victor and the team hopes to duplicate the performance again this year.

THE CRITIC

(Continued from Page 2)

wardness and place the country well to the fore, so far as cinema production is concerned. The characteristics of Soviet moving-pictures are subordination of the individual to the mass, building of productions about ideas rather than about single actors, strong sympathy with Communist principles, and extremely careful attention to the reconstruction of even minor details in historical settings."

The fact that Mr. Chamberlin interlards his discourse with interesting personal anecdotes and other personal touches adds appreciable to the general interest of the volume. On the whole we feel certain that no better book for the lay reader who wants to learn the facts about modern Russia could possibly be found. It is published by Little, Brown and company of Boston, a publishing company which has made great strides in the last few years. Incidentally it is now in its 13th thousand. Here is a social and historical bit of non-fiction that has become a best-seller.

We read all the poetry in the "Best College Verse 1931" anthology and discovered some strikingly fine work. Of course, where only one or two selections from a person's work can be included it is practically impossible to discover the individual's actual ability. The general excellence of the poetry included is at least as good as that in the numerous Braithwaite anthologies of past years if not better. Among the noticeable poets here, we would like to name for superiority the following: Robert Gates, Gladys Schmidt, Alice W. Finnegan, Elizabeth Stokes Jones, Edith Maxson, Maynard Mack, Alexander C. Woods, Frances M. Andrews, Audrey Wurdemann, David DeJong, and William Kimball Flaccus.

BROWN CUBS DEFEAT FROSH TRACK SQUAD

Yearlings Show Steady Improvement, but Lack Necessary Balance—No Men Working in Pole Vault

The New Hampshire freshman track team lost its third consecutive meet to the Bruin cubs Friday at Memorial field by a score of 72½ to 53½.

This is the second year that the kittens have lost to the Brown frosh in track. Last year the cubs barely nosed out the granite staters and did not win by a large margin this year. The yearling team, as a whole, is showing improvement, but it still lacks the necessary balance. This fact is evident in the pole vault particularly, there being no men working in this event. Knox and Baker have been the outstanding men in the weight events while captain Sproul has proved the star performer on the track.

The Providence boys scored four shutouts to one for New Hampshire, sweeping all nine points in both hurdles, the discus throw, and the pole vault, with the kittens cleaning up in the broad jump. Sproul was high scorer for the meet, winning both the 100 and 220 yard dashes and the broad jump for a total of fifteen points. The other first places for the kittens went to Allard in the mile, Baker in the shot put and Knox in the hammer throw. Brown ran second to Sproul in both dashes while Miller took second place in both the quarter mile and broad jump. Conner and Sharpe took second and third places respectively in the half mile while Kurti scored a lone tally in the javelin event.

INSPECTION TOUR MADE BY ENGINEERS

Group Led by Professor Jackson—Visits Pittsfield, Mass., Schenectady, N. Y., New York City, and Hoboken, N. J.

Frederick D. Jackson, assistant professor of electrical engineering, led a group of electrical engineering students on an inspection trip from May 10 to 17, during which time the students visited Pittsfield, Mass., Schenectady, N. Y., New York City, and Hoboken, N. J.

The student group left Durham on Sunday, May 10, for Pittsfield, Mass., where on Monday they witnessed the manufacture of transformers and single phase induction motors, and saw artificial lighting made in a laboratory. On Tuesday, the group were the guests of the General Electric company in Schenectady, where chief interest was centered in the manufacture of electric motors and large turbo-generators. On Wednesday, the tourists continued to New York City, where the features of their visit were a demonstration of television and the making of sound movies at the Bell laboratories, the manufacture of electric light bulbs, inspection of the new Western Union building, one of the two largest plants of the New York Edison Illuminating company, and the signal systems of the Grand Central terminal. On Saturday, the Durham group ascended the Empire State building to the 102 floor. They left New York for Durham on Sunday.

Those who made the trip were: H. J. Cunningham, J. J. Carlen, C. G. Matoian, G. F. Austin, R. W. Crocker, M. H. Riley, A. C. Ryder, D. M. Perkins, R. H. Osgood, G. L. Freese, G. R. Walden, A. G. Pinkham, F. M. Jones, F. J. Robinson, L. E. Moore, A. K. Whitcomb, and F. W. Whitcomb.

LIBRARY SUMMER SCHOOL HERE FROM JULY 14 TO 23

The New Hampshire Public Library commission will hold its annual summer school at the University from July 14 to July 23. The summer school is under the direction of Miss Dorothy Annable, secretary of the commission.

The usual courses in library technique will be offered again this year. In addition there will be lectures by members of the University faculty, as well as a lecture in the telling of children's stories by a story teller well known in New England.

This course is offered primarily for the librarians of small New Hampshire libraries, but others may enroll by consent of Miss Annable. Tuition is free to the residents of New Hampshire.

Title Meet Draws Varsity Trackmen

Intercollegiate Contest to be Held at Lewiston

Holy Cross and Maine Challenge Wildcat Hopes—Feature Race of Meet Should Develop in 440 Yard Run

William M. Stearns

Led by Brooks, Geoffrion, and deMoulpied, the varsity tracksters will embark tomorrow for the 45th annual New England intercollegiate track and field meet to be staged tomorrow and Saturday at Lewiston, Maine. According to a statement issued from the office of Coach Paul Sweet prospects of a Blue and White victory are at their highest ebb since the inauguration of the meet nearly half a century ago, with Holy Cross and Maine seriously challenging the Wildcat hopes.

All three favorites are entering well balanced contingents with a host of brilliant individual performers wearing their colors. On the basis of early season performances Holy Cross would seem to hold the edge over its rivals with Maine and New Hampshire depending more on balance than brilliance. Bates, who is playing the role of host, will enter a strong corps of runners to head a large field of dark horses, any one of whom may wear the mantle of fame before the shadows of twilight invade Garcelon field.

The feature race of the meet should develop in the 440 with Fleet, of Boston college; MacCaffery, of Holy Cross; and Adams, of Bates, staging a battle to break the worsted. The Crusader recently defeated the speedy Boston college sophomore in the remarkable time of 48 3-5 seconds despite drizzling weather and a soggy track. Adams, the Garnet flash, equalled this time on the same day while leading Shea of Northeastern to the tape. The fact that the Bates runner will have the advantage of running on his home track should establish him as a slight favorite. Harrington, New Hampshire's ace, has recently been clocked at 50 seconds, but has already dropped a race to Adams and is still over a second behind the time turned in by the favored trio.

Warren Pike, sophomore cinder artist, will not enter the dashes, concentrating instead on the broad jump. The list of entries in the sprints will include such speed merchants as White of Maine; Morin of Holy Cross; Knox of Bates; Troy of Brown; and Wilcox of Wesleyan. The latter won the hundred at 9 4-5 seconds in dual meet competition against Amherst, while his time in the furlong was 21 9-10 seconds. Morin, Troy, and White have been stepping the century in ten flat consistently, with Morin covering the 220 in 21 9-10 seconds.

In the hurdles, Whitehouse should be accorded an outside chance of placing in the scoring despite the fact that he will be facing such timber toppers as Stanwood and McLaughlin of Bowdoin; Powers and MacKenzie of Northeastern; and MacDonald of Holy Cross. Both Stanwood and McLaughlin have already exhibited their wares on Memorial field and have been timed at 15 4-5 and 24 3-5 seconds in the two races. Powers of Northeastern has topped the tall sticks in 15 3-5 seconds while MacKenzie, another Huskie, has skimmed a furlong of lows in 24 4-5 seconds. MacDonald is likewise turning in fast times in the hurdles and should place in both distances.

To cop both the mile and the 880 in "Ossie" Chapman, internationally famous Bates star, is heavily favored close to record time. Vile, also of Bates, and Fisher of Northeastern, are expected to set the pace for the defending champion in the mile. Lazure and Noyes are New Hampshire's best bets to place unless Richardson, who finished second to Chapman last year, rounds into form before Saturday. In the 880 Thistlewaite of Bowdoin, Mank of Maine, and Fleet of Boston college will challenge Chapman's right to victory.

New Hampshire's best chance for a victory on the cinders should rest in the spikes of deMoulpied in the two mile, with Gilman of Tech offering the most serious threat. In Saturday's dual the Wildcat runner defeated the Engineer after a closely contested race.

Brooks should clear the bar for a win in the pole vault against such competition as Weeb of Maine; Hazeltine of Tech; and Buonanno of Brown; unless he is decidedly off form. All four have been clearing 12 feet with the Wildcat having a slight advantage in the matter of inches.

In the high jump Captain Woolley will be handicapped by an injured leg, although both he and Brooks will be entered. Coon of Tech; Stanwood of Bowdoin; and Freeman of Northeastern have all been leaping close to six feet in dual competition.

Pike should score in the broad jump against such stars as Falt of North-

(Continued on Page 4)

FROSH NINE WINS ONE AND LOSES TWO

Defeat Wentworth Friday, Lose to Boston College on Saturday, and St. Anselm's Tuesday—McGraw Hits Home Run in B. C. Game

Coach Lundholm's freshman nine defeated the fast Wentworth aggregation ten to five Friday, and the following day were in turn defeated by Boston college freshmen at Boston by a score of ten to six. To complete the week, they were defeated eight to three by the powerful St. Anselm's club Tuesday on Brackett field.

In the Wentworth game, McGraw's brilliant twirling, backed by excellent defensive ability of the team, gave Wentworth its first defeat of the season. Coach Lundholm used his regular line-up at the start, making only one change during the game which was the replacing of McGraw in the eighth inning with Targonski.

Targonski pitched the Boston college game but the Eaglets managed to squeeze ten runs out of him. The outstanding play of the game was a home run by McGraw in the latter part of the game.

The starting line-up in the St. Anselm's game was as follows: Tower receiving, McGraw in the box, Paine at first, Biskaduros at second, Cunningham at third, Koehler at short, Flannery, center field, Kropp at right field, Haphey at left field. McGraw pitched a good brand of ball throughout the game but was unable to hold the Anselmians. Kopecki replaced Cunningham at third in the sixth inning and finished out the game. The St. Anselm's men outthit and outplayed the frosh throughout the game. Again the kittens fell down in their hitting, having only four hits to their credit.

New Hampshire scored their three points in the fifth inning. Koehler was walked to first and Flannery hit a double followed by a two bagger by Kropp, which brought in two runs. Kropp made the third tally by an attempted steal.

St. Anselm's started scoring in the first frame. A hit, a sacrifice, and a double brought in the run. In the second, an error, a balk ball, and a hit scored two more runs. A muffed ball at centerfield, a single at right, and a fumble at center, brought in the fifth and sixth tallies in the fourth inning. In the sixth inning a grounder along the third base line scored another run for the victors. A triple and a one bagger scored the eighth run in the next to the last inning.

INITIATION NOTICE

Wildcats Defeat Worcester Tech

New Hampshire Prepared for Vermont and Green

Army and Providence Games Cancelled Because of Rain—Blue and White to Meet Tufts Tuesday

Playing their first game following a week's vacation, the Wildcats defeated Worcester Tech, 6-1, on Brackett field Saturday. Stafford, pitching for the Blue and White, toyed with the Engineers, while his team mates laid down timely hits. Worcester has a very weak team this year, having lost practically all its games. Nevertheless, the Swasemen took advantage of the contest, inasmuch as they faced almost a week's idleness. Both the Army and Providence games were cancelled because of rain, and wet grounds.

The New Hampshire squad left Durham this afternoon for its games with Vermont and Dartmouth on Friday and Saturday, respectively. The Wildcats and the Catamounts will resume baseball relations after several years' severance. The Green Staters not only surprised Dartmouth, but also the collegiate baseball world, when they broke the Indian's winning streak with a 8-5 victory. The defeat also broke the Green's string of victories that had been made on their home grounds for several seasons. The battery for the Vermont game will probably be Edgerly and Casey.

With a basket ball victory over Dartmouth tucked away, Coach Swasey and his club will endeavor to whip the Indians. In 1929, New Hampshire reversed the scalping process by defeating the Indians, 10-4. Jablonowski and Shea formed the battery for that contest. With the exception of Charles Hanna and Jablonowski, New Hampshire has a new team from that of two years ago. Lauri Mylykangas, the Green's star second baseman and known as the "one-man baseball team," was hit in the face by a pitched ball while playing Princeton, Monday. The injury

FIRE TRUCK PASSES UNDERWRITER'S TEST

Newly Purchased Pumping Apparatus Given Trial Run Monday Afternoon at University Pond—Results Satisfactory

The new fire truck, purchased recently, received its final test, under the supervision of the Underwriters' association, recently at the University pond. In order to pass the test the truck had to run two hours under a pump pressure of 120 pounds, followed immediately by a half hour at 200 pounds, and another half hour at 250 pounds per square inch, maintaining at the same time a given nozzle pressure so regulated as to deliver 500 gallons per minute.

Results show that for the higher pressure less water is pumped per minute than at the lower pressures the reason for that being that the pressure at the pump determines the resistance to the flow of water, and the amount of water flowing depends on the resistance offered to it. The truck is now acceptable by the insurance companies, and according to the representative of the manufacturer of the truck, the insurance companies will give a lower fire insurance rate due to the added protection, if the truck passes the test.

forced him to go to the hospital, and it is doubtful whether he will be able to play for several weeks to come. His loss will weaken the Dartmouth team considerably. For the Indian game, White will do the hurling; unless Mitchell's recent injury repairs, Casey will have to catch. Following are the men who are to make the Burlington and Hanover trip: Casey, Mitchell, Dunlap, Edgerly, White, Jablonowski, Eustis, Garnau, Chase, Gibbons, Elizabeth, C. and E. Hanna, Smith, and Lane. On Tuesday, the Wildcats journey to Medford to meet Tufts. The Jumbos have been running wild for the first part of the season. They trampled on Lowell Textile, 12-0, and cleaned up Boston university, 13-8. Stafford is due to be on the mound against the medicinemen.

NIGHT AND A FAST TRACK!

A TRACK man will tell you that records are broken when the track is fast. Think of this setting—a cool evening, the stands overflowing, the whole spectacle brilliantly lighted with G-E floodlights, and a fast track—a record simply couldn't stand the "gaff."

Nighttime, when people naturally turn to diversion, is the logical time for a track meet. Lack of support will be a thing of the past. And just watch the athletic fund grow.

G-E floodlighting projectors, largely the development of college-trained men, are easily adapted to any occasion whether football, track, tennis, commencement, receptions, or plays. Efficient G-E illumination promotes athletics and builds school spirit.

James Thomas Sharkey, 32, a milkman in Boston, was awarded the \$25,000 first prize in the \$50,000 nationwide contest for the best letter setting forth the advantages to smokers of the new moisture-proof cellophane wrappers on Camel cigarette packages, officials of R. J. Reynolds Tobacco company and the contest judges announced recently. Mr. Sharkey lives at 101 Train street, Dorchester, Mass.

Mrs. Walter Sweet, mother of three children and wife of a Marine corps captain, now stationed at the Brooklyn navy yard, won the second prize of \$10,000.

The third prize of \$5,000 went to Julius M. Nolte, real estate dealer of Duluth, Minn., and former secretary of the Duluth commercial club.

In all 38 prizes were awarded, of which five were for \$1,000 each, five for \$500 each, and 25 were for \$100 each.

Statistics show that six of the major prizes were won by college graduates, although a tabulation shows that only eight of the 38 prize winners were listed as having attended college. Mr. Sharkey, winner of the first prize, however, received only a common school education in Ireland before the age of 16, when he came to this country. Second and third prizes went to college graduates, however, the second prize was awarded to a graduate of Radcliffe college, and the third to a Yale man, and a member of Phi Beta Kappa. Four of the five winners of the \$1,000 prizes were listed as college graduates, while two of the lesser prize winners were also college men.

Sharkey, winner of the first prize of \$25,000, is married, and is a milk route foreman at the South Boston plant of H. P. Hood & Sons, Inc., milk distributors. His employer, Mr. Hood, is a graduate of New Hampshire in the class of 1880. Mr. Hood presented his Alma Mater with \$125,000 last year to be used for the construction of a much needed infirmary.

A total of 952,228 answers were received in the contest, which was announced in an eight-day newspaper advertising campaign in which 1713 dailies, 2139 weeklies and 426 college and financial newspapers were used. The only other announcement of the contest was on the Camel Pleasure Hour broadcasting network and consisted merely of an invitation to read the contest details in the newspapers.

SENIOR GIRLS PLAN NEW SISTER SYSTEM

(Continued from Page 1)

The following women have been chosen to fill the positions of responsibility as chairmen: Natalie Ames, Charlotte Atwood, Barbara Barnaby, Virginia Powers, Yora Flanders, Ruth Paul, Marion Hough, Alice Towle, Doris Mowatt, Harriet Meloon, Agnes Molloy, Alberta Morrill, Eva Wentzell, Elsie Davie, and Annie Meader. Other responsible women will be elected to work with these chairmen and it is expected that these groups of selected women will work more efficiently with the freshmen than did the women under the former system when every senior woman was given a freshman.

EDUCATION NOTES

Pauline Whittemore has been placed in Ashland, N. H., for the coming year, Maurice O'Leary, '28, in Rochester, Esther Christopher in Errol, Evelyn Huse in Unionville, Conn., Evelyn Otis in Epping, and Stanton Slack in Bristol.

The following superintendents have been visiting on the campus for the purpose of interviewing students who desire to fill positions: Dana Jordan of Lisbon, Mr. Bowley of Epping, Alfred Smith of Colebrook, Vincent Gatti of Ashland, and Elmer O. Small of York, Maine.

George L. Campbell of the class of '28, vocational director at Milton high school in Massachusetts, was on the campus last Saturday introducing four men who are seeking admission to next year's freshman class.

Miss Anne Perkins, graduate student and a teacher at Pine Manor junior college of Wellesley, Massachusetts, was on the campus to arrange for continuation of her research work during the summer session.

The annual meeting of the New Hampshire congress of parents and teachers will be held on May 22 and 23 at Exeter high school. The president, Mrs. Fred A. Lundberg of Hillsboro, will preside. Governor John G. Winant, Commissioner James N. Pringle, Miss Adela K. Farnum of Keene, Headmaster Willard I. Rowe of Exeter, Miss Florence A. Clough of Concord, Hon. James R. Tufts of Exeter, and Miss Sarah T. Knox of Manchester are among the speakers to be on the program. A representative from the national congress will be present to deliver an address.

The class in educational methods had an instruction trip on Wednesday, visiting high schools in Concord and Manchester.

NOTICE

The committee on vocational guidance for women wishes to announce that any senior wanting help or advice in securing positions for the coming year are to register at once in the office of the Dean of women. The following office hours are to be kept for any women students who wish to interview members of the committee in regard to vocational guidance: Miss Marion Smith on Mondays from 3:00 to 4:00 p. m. at 106 Thompson hall, Prof. Edythe Richardson on Tuesdays from 2:00 to 3:00 p. m. at 210 Thompson hall, Prof. Naomi Ekdahl on Wednesdays from 3:00 to 4:00 p. m. at 219 Murkland hall, and Miss Ethel Cowles on Thursdays from 10:00 to 11:00 a. m. at 107 Thompson hall.

GRACE WALTON ADDRESSES CLASS IN HOME ECONOMICS

Speaking on the subject on "Technical and Fashion Advances in Fine Cotton," Miss Grace Walton, educational lecturer for the Durene association of America, addressed a meeting of the class in clothing selection, department of Home Economics today.

Miss Walton traced the important new alliance which has been set up between fashion creators in Paris and the cotton fields of America by the high fashion interest attached to cotton fabrics. How processed cottons, now generally known as Durene, are making possible many new uses of cotton were described by the speaker. Fashions were shown.

NOTICE

Due to some misunderstanding the names of the Sphinx members from Phi Alpha fraternity, Carl Abrams and Maurice Dinneen, were omitted from the list in last week's issue of THE NEW HAMPSHIRE.

PHI SIGMA HOLDS SPRING INITIATION AND BANQUET

Phi Sigma, honorary zoological society, held its annual spring term initiation and banquet in Thompson hall on May 14. Decorations in the form of yellow, green, and white crepe paper were used, these colors being those of the organization. Edward Haggerty acted as toastmaster during the banquet.

The evening was opened by an address of welcome to the new initiates by the president Neil Stuart, graduate assistant in Horticulture. This was followed by a history on Phi Sigma by Prof. C. Floyd Jackson of the department of Zoology, the day being the fifth anniversary of the founding of Phi Sigma and the fifteenth anniversary of the founding of the first biological organization on this campus which was known as Pi Gamma.

Those who were initiated during the course of the evening included Barbara Barnaby, Raymond Gallo-way, John Carrigan, Frank Elka-vich, Thomas Sheehan, Robert Eadie, Howard Hunter, Ralph Goodrich and George Trent.

PLEDGING NOTICE

Epsilon chapter of Theta Kappa Psi announces the pledging of Gerard LeMay, '33.

CHRISTIAN WORK

The Christian Work associations on the campus have received notice of the Northfield student conference at Eaglebrook school, Deerfield, Massachusetts. This conference on religion for New England men will be held from June 10 to June 18. Among the more important colleges of the thirty to be represented at the conference are Princeton, Yale, Harvard, Boston university, Tufts, Massachusetts institute of technology, and Brown. The features of the conference are the religious re-orientation, vocational investment, stimulating friendships, and a worthwhile vacation. Among the speakers are the following: Morgan Noyes, Norman Thomas, Reinhold Niebuhr, G. Sherwood Eddy, F. R. Barry, Harold E. B. Speight, Sidney Lovett. Further information about the conference may be obtained from Benjamin Andrew at the Y. M. C. A. office.

About 45 girls attended the beach party last Monday night at Rye beach. Refreshments consisting of hot dog sandwiches and coffee were served.

The Community church student group closed its series of Sunday evening meetings last Sunday with an out of door worship service on the Bushmeyer lawn, fronting on the Oyster river. Those who assisted in conducting the service were Gunther Blom-

bach, Walter Noyes, Cecil Martin, Romeo Bucknam, Tom Day, and Helen Moore.

The Community church student group has recently elected the following officers for the coming year: President, Tom Day; vice-president, Cecil Martin; secretary-treasurer, George Barnett; chairmen, Gunther Blombach, Wilfred Morin, and Herman Hart.

The girls of the Young Women's Christian association will hold a nature worship service in the out door amphitheater back of the library next Monday evening at seven o'clock.

Women student commuters were entertained by the Y. W. C. A. at Smith hall Wednesday afternoon from three to five. The hours were spent in amateur vaudeville, dancing and cards.

A group of entertainers representing the Christian Work associations on the campus will present a vaudeville act at Raymond this evening in conjunction with the High-Y organizations there. The program will consist of a one-act farce "Not Wanted—A Wife," musical numbers, and vaudeville.

All persons who have borrowed books from the Christian Work libraries are requested to return them before the close of school.

MR. KEAY SPEAKS BEFORE OPEN A. I. E. E. MEETING

Mr. Keay, sales manager of the New England Gas and Electric company, was the speaker at an open meeting of the student branch of the American Institute of Electrical Engineers held in Demeritt hall last evening. Mr. Keay was introduced to the group by Preston E. Rolfe, president of the local chapter.

The speaker based his talk on the fact that the success of any industry depends largely on its sales organization, presenting it in a form that would be of interest not only to the members of the local group but also to guests of the evening. At the close of his speech, Mr. Keay expressed the hope that the group had received some facts or ideas from the talk that would be beneficial to various members of the audience who planned to enter some sort of sales organization following graduation and to those who desired information to assist them in reaching a decision regarding their future work.

HOUSES SPONSOR SATURDAY PARTIES

(Continued from Page 1)

Danny Graham's Blue and Gold Ballroom orchestra has been engaged by Sigma Alpha Epsilon. Lieut. and Mrs. George B. Anderson and Mrs. Joseph Whitney of Portland will be the chaperones.

TITLE MEET DRAWS VARSITY TRACKMEN

(Continued from Page 3)

eastern, Morin of Holy Cross, O'Dell of Wesleyan, and Johnson, of Bowdoin, although their average distance has been well over 22 feet.

In the shot put Chubbuck of Conn. Aggies has been heaving the iron ball over 46 feet, with Gilbane of Brown, and Learmonth of New Hampshire following closely on his trail. The New Hampshire sophomore has shown consistent improvement in every meet and may yet display championship form.

Galbraith of Bowdoin and Flanagan of Holy Cross are scheduled to fight it out for first place honors in the hammer. Sprague of Colby, Moody of Tech, and Modlizeski of Rhode Island are likewise very much in the running. Douglas, University record holder in the event, has shown potential ability throughout the season and may arise to meet the occasion.

Hanley's throw of 136 feet 2 inches in the discus Saturday will place him among the favorites along with Curtis of Maine, Chubbuck of Conn. Aggies, and Gilbane of Brown, all of whom are getting over 130 feet with the iron platter.

Geoffrion's mark of 192 feet 4 inches in the javelin is several feet farther than the best toss of any of his competitors. Last year he broke the record in the event only to have his mark bettered in the finals.

\$50,000

Paid to Winners of **CAMEL CONTEST!**

R. J. Reynolds Tobacco Company takes pleasure in announcing that the decisions of Judges CHARLES DANA GIBSON, ROY W. HOWARD and RAY LONG in the \$50,000 Camel Prize Contest have been reached and that prizes accordingly have been awarded as follows:

First Prize, \$25,000

JAMES THOMAS SHARKEY, 101 Train Street, Dorchester, Mass.

Second Prize, \$10,000

MRS. WALTER SWEET, Navy Yard, Brooklyn, N. Y.

Third Prize, \$5,000

JULIUS M. NOLTE, Glen Avon, Duluth, Minn.

5 Prizes of \$1,000 each

A. B. FRANKLIN, III, 52 Kirkland St., Cambridge, Mass.
JOHN R. MCCARTHY, 721 Main St., Willimantic, Conn.
FREDERICK E. ROBINSON, Coronado Beach, Calif.
WM. A. SCHRADER, Brent Apts., New Albany, Ind.
DR. D. H. SOPER, 523 E. Brown, Iowa City, Iowa.

5 Prizes of \$500 each

F. CARTWRIGHT, Transp't'n Bldg., Washington, D. C.
EDITH COCHRANE, Glenvale Ave., Darien, Conn.
BARBARA LAWLESS, Ardmore, Pa.
JANE PARSONS, 325 E. 79th St., New York, N. Y.
RICHARD W. VOGT, Green Bay Road, Waukegan, Ill.

25 Prizes of \$100 each

MARIE ALBERTS, 6252 So. Spaulding Ave., Chicago
W. B. BARKER, JR., 420 N. Spruce, Winston-Salem, N.C.
EUGENE BARTON, 3625 La Luz St., El Paso, Texas
MRS. EDW. F. DALY, 1133 Louisville St., St. Louis, Mo.
WM. G. ERBACHER, 308 N. Front St., Conway, Ark.
LEROY FAIRMAN, 69 Dartmouth St., Forest Hills, N. Y.
KATHRYN R. FRANCIS, 448 E. 22d St., Baltimore, Md.
MRS. ALEXIS GODDILL, 191 Waverly Pl., New York
C. W. GRANGE, 2316 Central St., Evanston, Ill.
C. S. GRAYBILL, Paxtonville, Pa.

LEE R. WOMACK, 448 Tenney Ave., Amherst, Ohio
J. ARTHUR WOOD, 21 Burke St., Mechanicville, N. Y.
EMERY HERBERT YOUNG, Painted Post, N. Y.

IN congratulating the winners in the great Camel contest we want at the same time to thank most cordially the approximately million men and women who displayed their friendly interest by sending in an entry.

We wish also to thank the millions of smokers throughout the country for the appreciation they are showing for our new Humidor Pack as is evidenced by the notable increase in the sale of Camel cigarettes.

By means of this dust-proof, germ-proof,

moisture-proof Cellophane wrapping the rich aroma and full flavor of choice Turkish and mellow Domestic tobaccos have been air-sealed in Camels for your enjoyment.

If you have not tried Camels in the Humidor Pack all we ask is that you switch over to this brand for one day.

After you have learned how much milder, how much cooler, how much more enjoyable it is to smoke a perfectly conditioned fresh cigarette, go back to the harsh hotness of stale cigarettes if you can.

CAMELS

Smoke a fresh cigarette
